# APFS for Linux by Paragon Software

Apple File System — is a new file system for macOS, iOS, and other Apple devices.

To boost a Linux device with read-write access to APFS-formatted HDD, SSD or flash drive, embed **APFS for Linux by Paragon Software**. Note, that HFS/HFS+ access is a feature of another product — **Microsoft NTFS for Linux by Paragon Software**.

The APFS driver is a part of Paragon File System Link Suite – all-in-one solution for multiplatform access to files across Mac, Windows, Linux.

Who benefits?

• Home Users
• Forensic Experts
• IT managers
• Original equipment manufactures

What's inside?

• Read-write access to APFS files
• Support of all character sets including non-Roman
  and non-Latin characters
• Full control over the APFS driver via
  the command line
• Encrypted subvolumes read support
