

End-user License Agreement for Microsoft exFAT/NTFS for USB by Paragon Software

This End-User License Agreement ('EULA') is a legally valid contract between the end user of the software and Paragon Software GmbH, Wiesentalstraße 22, D-79115 Freiburg (hereinafter referred to as «Paragon»). Please read this Agreement thoroughly before acquiring the software. Upon acquisition of the software, the following provisions will be deemed to have been agreed to with binding effect.

1. Copyright

This software product, including any handbooks, instructions and/or other information material, is protected by copyright. Any copy protection present in the software, a copyright notice, a registration number recorded in it or other features serving to identify the program may not be removed.

2. License agreement

Unless determined otherwise, Paragon grants the software's end user the simple right to install the software on devices and use it for an unlimited period of time. The right to use is limited to the software's object code. It will expire if the end user violates the conditions of use established in this Agreement. Paragon is not obligated to provide the end user with the source code. Unless determined otherwise in the following, the acquisition of this license does not entitle the end user to create and/or distribute copies of the software, transfer the software from one device to another by electronic means or over a network after its original download or installation on a device, modify, decompile, adapt or translate the software or combine it with other software, or reengineer or disassembly the software. The right to use is limited to the specific software product acquired in the respective version thereof and does not extend to subsequent versions of the software. The license agreement does not provide any rights to grant a sublicense to the software to third parties. Paragon reserves all further rights, in particular the rights to dissemination, duplication and publication.

3. Special forms of use

An acquisition in the form of the granting of a pay-per-use license entitles the end user to run or use the software on a one-time basis only; further use of the software is not permitted. The acquisition of the software under the stipulation of a particular term of contract only entitles the end user to use the software until the term of contract expires. The acquisition of a company license entitles the end user to use the software on all devices at of the company. The use of free software from print media or online media allows private use only, unless a separate agreement for commercial purposes of use provides otherwise. Commercial use is not permitted.

4. Guarantee

Paragon is in no way responsible for malfunctions or damage caused by modification of the software or the use of the software in conjunction with hardware configurations, platforms or operating systems other than the recommended or intended hardware configuration, platform or operating system. Any liability for defects for alpha/beta versions (pre-release versions) relinquished free of charge is excluded. Our General Terms and Conditions also apply.

5. Miscellaneous

Should individual provisions of this Agreement prove to be ineffective, the validity of the remaining provisions shall not be affected. In such case, a provision which suits the economic interest of the Contracting Parties shall be agreed upon to take the place of the ineffective provision.

6. The provision of this software to you does not grant any licenses or other rights under any patents of Microsoft or its affiliates with respect to anything other than the file system implementation portion for this software, including no licenses or any other rights in any hardware or any devices or software that are used to communicate with or in connection with this software. This software incorporates intellectual property owned by Microsoft Corporation or its affiliates Except to the extent authorized under Company's license agreement with Microsoft, you are not licensed under any patents or other intellectual property of Microsoft or its affiliates to distribute this code in any form (including source or binary) unless you have obtained an appropriate license from Microsoft Corporation. The terms and conditions of such license may be obtained by contacting Microsoft Technology Licensing, LLC at iplicreq@microsoft.com.
